Natusfera

Cómo funciona

- Fotografía tus observaciones
- Comparte con otros naturalistas
- Intercambia información
- Contribuye con GBIF.ORG y GBIF.ES

Contribuye con la ciencia

Natusfera es una plataforma que permite registrar, organizar y compartir observaciones de naturaleza para promover la divulgación de la biodiversidad de España a través de la participación ciudadana. Todos los datos quedarán depositados en la Infraestructura Mundial de Información en Biodiversidad (GBIF). Participa en Natusfera y conviértete en un ciudadano científico! Todo aquel interesado amante de la naturaleza y quien desee conocer más sobre la biodiversidad de nuestro país puede participar utilizando esta herramienta de ciencia ciudadana, contribuyendo así al fortalecimiento de la investigación científica.

La naturaleza a tu alcance

- Mantén un registro: Registra tus observaciones naturales y guarda listas de organismos en la nube.
- Proporciona datos útiles: Ayuda a los científicos a obtener datos sobre la distribución de especies.

2.-Utiliza tus credenciales para entrar en Natusfera: <https://spain.inaturalist.org>

The screenshot shows a web browser window with the URL <https://spain.inaturalist.org/login>. The page features the Natusfera logo and navigation links for 'Explore', 'Community', and 'More'. A large image of a snake is displayed on the left side. Below the image, there is a caption: 'Lataste's Viper observed by Matthieu Berroneau in Castilla y León, Spain'. On the right side, there is a 'Welcome Back!' message and a login form. The form includes a text input field with the email 'ibaiolar', a password field with masked characters, and a 'Remember me' checkbox. There is a link for 'Forgot your password?'. A green 'Log In' button is prominently displayed. Below it, there is a link for 'Don't have an account? Sign up.'. Underneath, the word 'OR' is centered. There are two social login buttons: 'Log in with Facebook' and 'Sign in with Apple'. At the bottom of the page, there is a Windows taskbar with various application icons and system tray icons, including the time '12:18' and date '2021/10/1'.

3.-Para unirte al proyecto... pincha en "Projects"

The screenshot shows the Natusfera website interface. At the top, the browser address bar displays <https://spain.inaturalist.org/home>. The Natusfera logo is on the left, and navigation links for 'Explore', 'Your Observations', 'Community', 'Identify', and 'More' are in the center. On the right, there are icons for 'Upload', '0' notifications, '1' messages, and a user profile icon 'm'. A dropdown menu is open from the user profile icon, with 'Projects' highlighted. Below the navigation bar, the user's profile 'm mariapituk' is shown with a navigation bar containing 'Home', 'Profile', 'Observations', 'Edit Observations', 'Calendar', 'IDs', 'Lists', 'Journal', 'Favorites', and 'Projects'. A notification box titled 'You've got updates!' is displayed, listing update sources: 'Your Content', 'People', 'Organisms, Projects & Places', and 'Discussions you've engaged in'. On the right side, there are sections for 'Add Observations', 'Subscriptions', and 'More'. At the bottom, a taskbar shows the Windows logo, search bar with 'Idatzi hemen bilatzeko', and various application icons. The system tray shows the date and time as '12:35 2021/10/1'.

3.-Para unirte al proyecto... búscalo escribiendo “Observatorio de la Biodiversidad URJC”

The screenshot shows a web browser window with the URL <https://spain.inaturalist.org/projects>. The main banner features a stylized illustration of a city skyline and mountains, with the text "City Nature Challenge 2021" and "30 April - 3 May". To the right of the banner, there is a "Projects" section with the text: "Projects let you pool your observations with other people on Natusfera. Whether you're starting a citizen science effort or keeping tabs on the birds in your neighborhood, Projects are the way to go." and a "Start a Project" button.

Below the banner is a search bar containing the text "Botánica y Zoología" and a "Go" button. To the right of the search bar is a "Manage Your Projects" dropdown menu.

The "Recently Active" section displays a grid of project cards. The first row includes:

- Biomaratón CNC 2021: Pamplona / Iruña
- Biomaratón CNC 2021: Brunete
- Biomaratón CNC 2021: Tres Cantos
- Biomaratón CNC 2021: Quijorna

The second row includes:

- I Biomaratón de Flora Española
- A project featuring a bird's nest.
- A project featuring a bird illustration.

The Windows taskbar at the bottom shows the system tray with the date and time: 12:37 2021/10/1.

3.-Para unirse al proyecto... pincha en "Join" (arriba a la derecha)

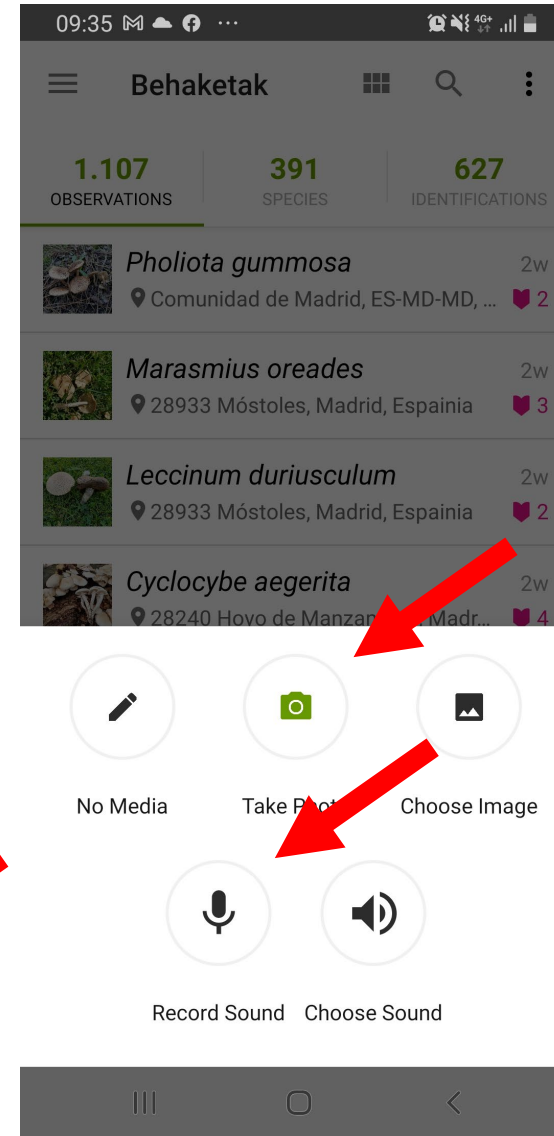

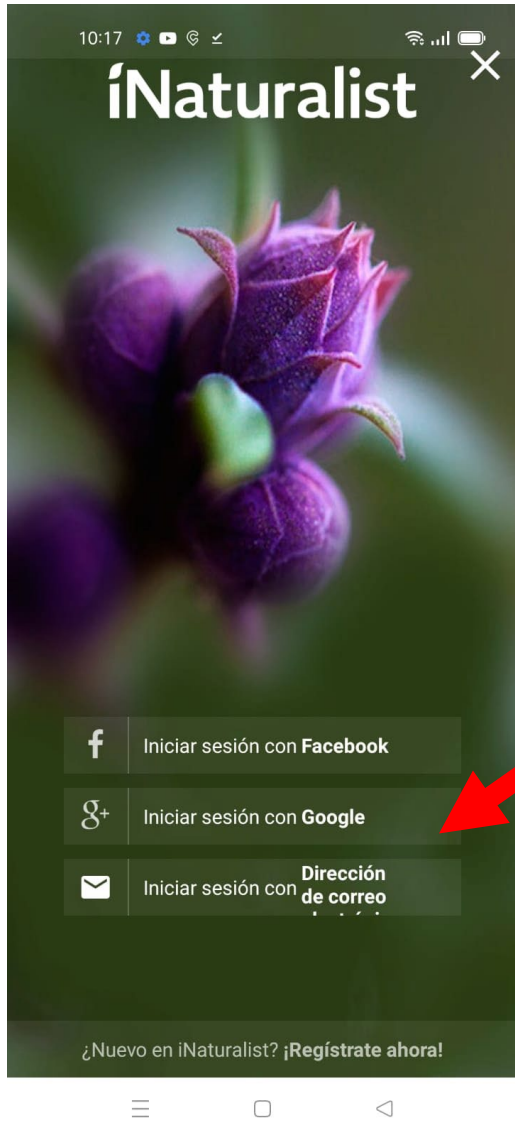

The screenshot shows the Natusfera website interface. At the top, there's a navigation bar with the Natusfera logo, a search bar, and menu items like 'Explore', 'Your Observations', 'Community', 'Identify', and 'More'. The main content area features a large green banner with a topographic map background. On the left side of the banner, there's a project title 'Salida Botánica y Zoología (Univ. Rey Juan Carlos)' and a date 'OCT 8, 2021'. On the right side, there's an 'About' section with a 'Join' button and a user count '1'. Below the banner, there are three columns: 'Status' showing a bioblitz timer (6 days, 11 hours, 21 minutes, 46 seconds), 'Project Requirements' listing criteria like Taxa, Location, Users, Projects, Quality Grade, Media Type, and Date, and 'Journal' showing no posts yet. The Windows taskbar is visible at the bottom.

Y cuando lo hagas, tus futuras observaciones quedarán guardadas en el proyecto

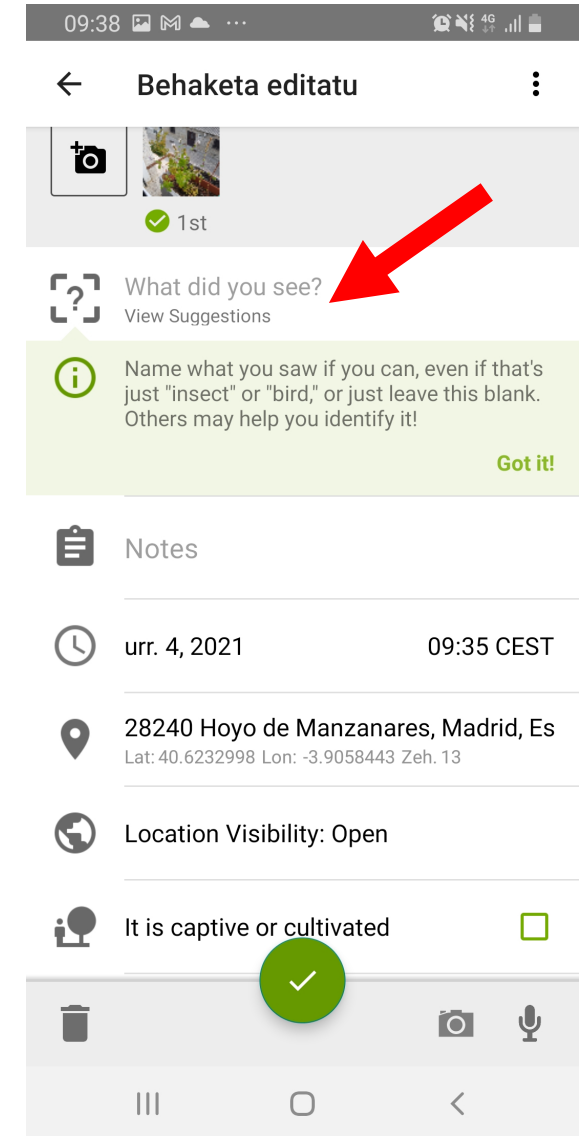

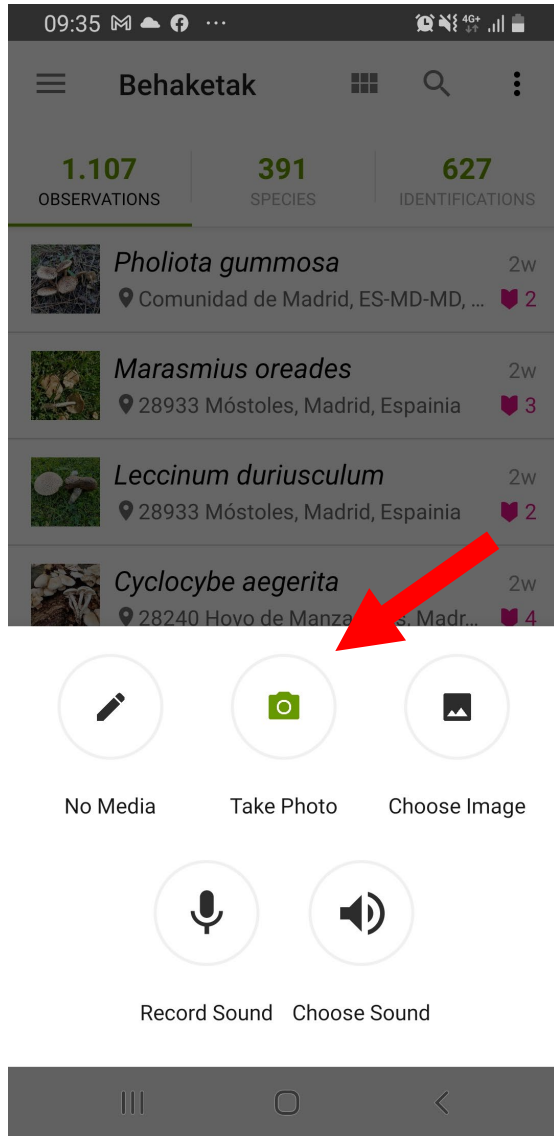

4.-Instala la aplicación móvil

5.-Vincula tu cuenta en la aplicación y puedes empezar a hacer observaciones

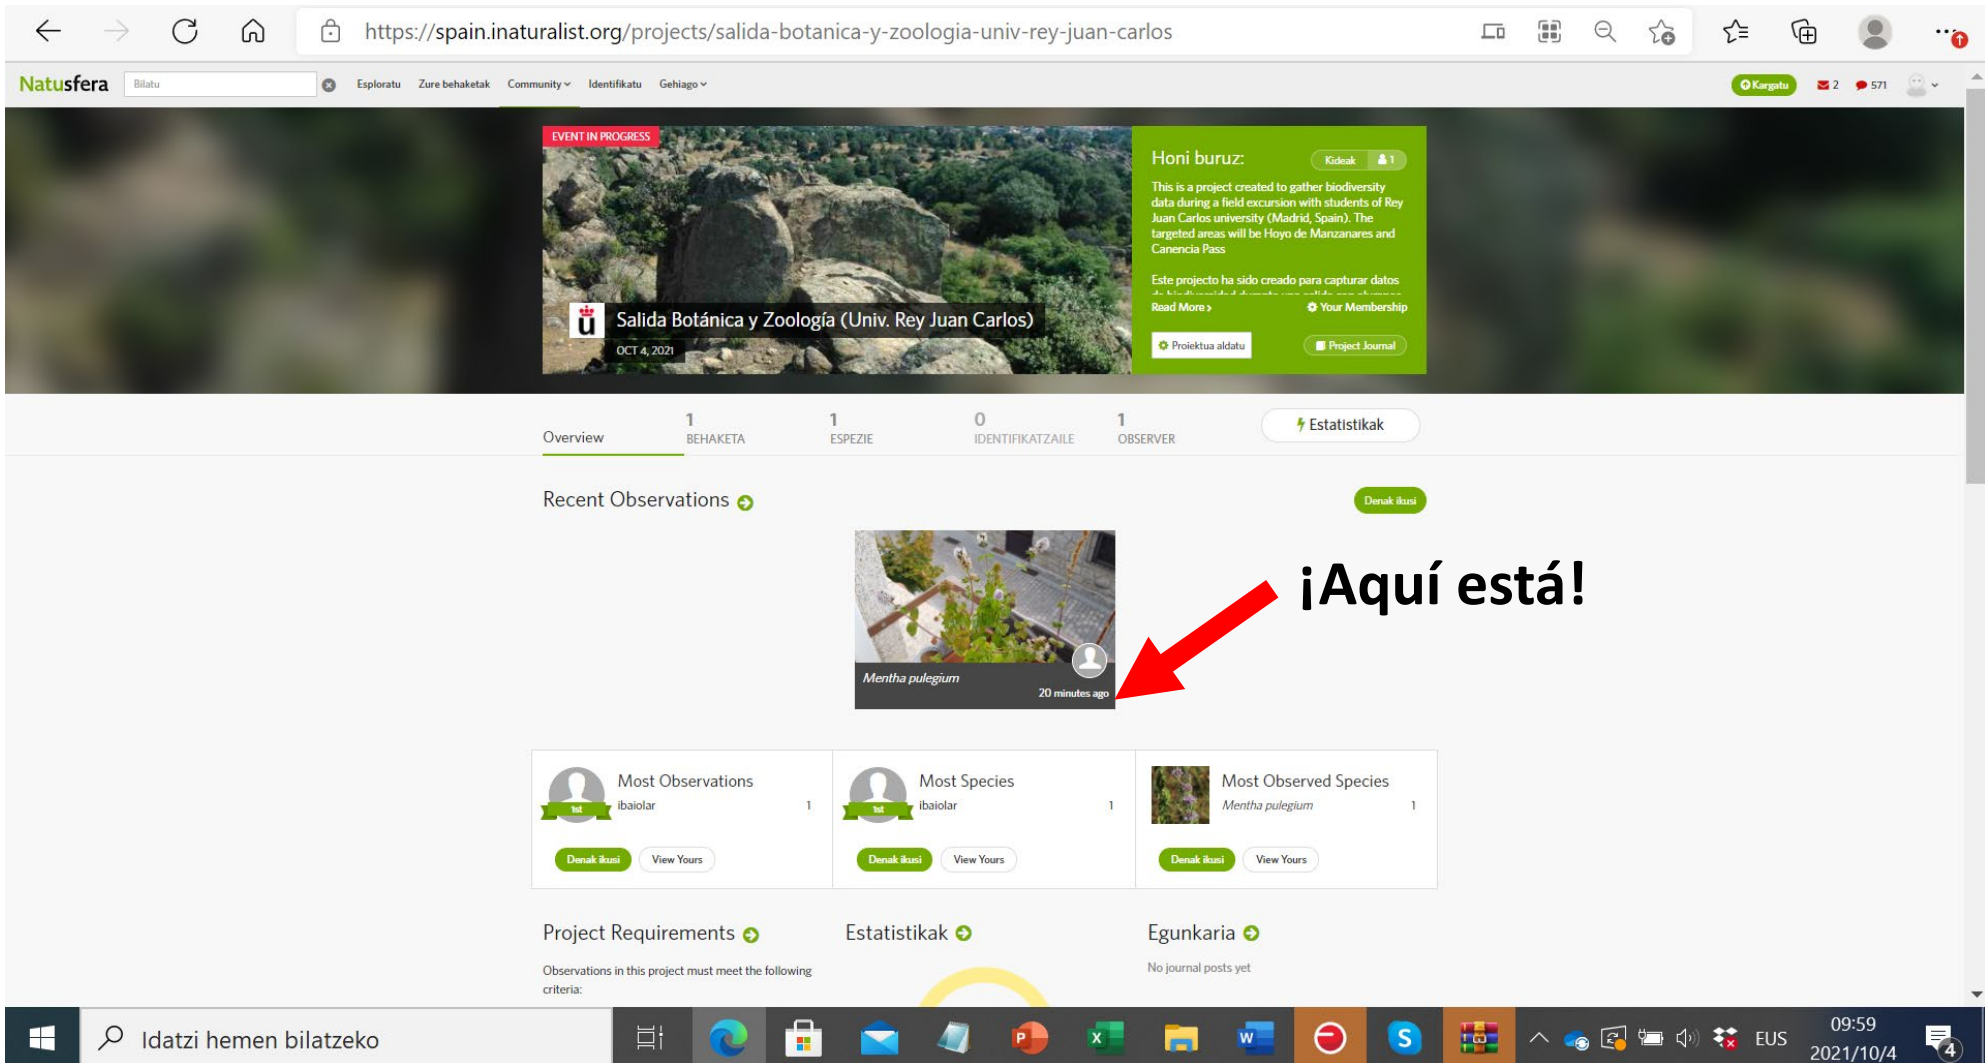

6.-Captura una observación

7.-Ve a nuestro proyecto: <https://spain.naturalist.org/projects/observatorio-de-la-biodiversidad-urjc>

Si todo ha ido bien, tu observación se verá en el proyecto

The screenshot shows the Natusfera project page for "Salida Botánica y Zoología (Univ. Rey Juan Carlos)". The page features a header with navigation links, a main banner with a photo of a rocky landscape, and a sidebar with project details. Below the banner, there are statistics for the project: 1 BEHAKETA, 1 ESPEZIE, 0 IDENTIFIKATZAILE, and 1 OBSERVER. The "Recent Observations" section displays a recent observation of *Mentha pulegium* taken 20 minutes ago. A red arrow points to this observation with the text "¡Aquí está!". Below the observations, there are three summary cards: "Most Observations" by user 'ibaiolar', "Most Species" by user 'ibaiolar', and "Most Observed Species" which is *Mentha pulegium*. The page also includes sections for "Project Requirements", "Estatistikak", and "Egunkaria".

The screenshot shows the iNaturalist website interface. At the top, the browser address bar displays the URL: https://spain.inaturalist.org/observations?place_id=any&user_id=mariapituk&verifiable=any. The navigation bar includes the iNaturalist logo, a search bar, and menu items: Explore, Your Observations, Community, Identify, and More. On the right side of the navigation bar, there is an 'Upload' button, notification icons for messages (0) and comments (8), and a user profile icon with a notification badge (2). A red arrow points from the user profile icon to the 'Filters' button in the search overlay.

The main content area is titled 'Observations' and features a search bar with 'Species' and 'Location' filters, a 'Go' button, and a 'Filters' button. A search filter overlay is open, displaying various filter options:

- Show:** Wild, Captive, Verifiable, Research Grade, Needs ID, Threatened, Introduced, Popular, Has Sounds, Has Photos, and Your Observations (checked).
- Categories:** A grid of icons representing different species groups.
- Rank:** High and Low dropdown menus.
- Sort By:** Date Added and Desc dropdown menus.
- Date Observed:** Any (selected), Exact Date (YYYY-MM-DD), Range (Start/End), and Months (Select Options).
- Date Added:** Any (selected), Exact Date (YYYY-MM-DD), and Range (Start/End).
- Photo Licensing:** All dropdown menu.
- Reviewed:** Any (selected), Yes, No.
- Person:** mariapituk dropdown menu.
- Project:** Name or URL slug, e.g. my-project input field.
- Place:** Place input field.

At the bottom of the filter overlay, there are buttons for 'Update Search' and 'Reset Search Filters'. In the bottom right corner of the page, there are icons for 'Identify', 'Atom', and 'Download'. A red arrow points to the 'Download' icon.
